XFM50 Modular Serie, Frames & Support			
Produkt	Beschreibung	End User Preis €	Anmerkung
XFM-501RU-A	1 RU chassis, dual redundant power supply, two slots, SNMP, fan control; system controller	1.700,00	
XFM-50KB-A	local control panel for XFM-501RU-A	900,00	
XFI-100M	XFI-100 remote control panel, configured for XFM-50 series includes ICONN RCP license	1.210,00	
XFM-50SWCTL-A	Control Software License CDESK / CFLOW	0,00	

XFM50 Modular Serie, Bundel			
Produkt	Beschreibung	End User Preis €	Anmerkung
XFM-50STCD-A	digital dual channel processing module with two licenses for SD standards conversion	3.100,00	
XFM-50STCD-B	digital one channel processing module with one license for SD standards conversion	2.000,00	
XFM-50STCD-C	digital dual channel processing module with two licenses for HD / SD frame rate conversion, up/down conversion, general signal processing	6.640,00	
XFM-50STCD-D	digital one channel processing module with one license for hD / SD frame rate conversion, up/down conversion, general signal processing	4.200,00	
XFM-50ARC-A	digital dual channel processing module with two licenses for SD Aspect Ratio Conversion	2.090,00	
XFM-50ARC-B	digital single channel processing module with single license for SD Aspect Ratio Conversion	1.520,00	
XFM-50CCD-A	digital dual channel processing module with two licenses for SD Color Correction	1.850,00	
XFM-50CCD-B	digital single channel processing module with one license for SD Color Correction	1.340,00	
XFM-50CCD-C	digital dual channel processing module with two licenses for HD / SD Color Correction	3.200,00	
XFM-50CCD-D	digital one channel processing module with one license for HD / SD Color Correction	1.880,00	
XFM-50FSD-A	digital dual channel processing module with two licenses for SD frame sync	1.610,00	
XFM-50FSD-B	digital one channel processing module with one license for SD frame sync	1.270,00	
XFM-50FSD-C	digital dual channel processing module with two licenses for HD / SD frame sync	3.200,00	
XFM-50FSD-D	digital one channel processing module with one license for HD / SD frame sync	1.880,00	
XFM-50UDCD-A	digital dual channel processing module with two licenses for HD / SD up down conversion	4.210,00	
XFM-50UDCD-B	digital one channel processing module with one license for HD / SD up down conversion	2.385,00	
XFM50-MPCUHD	digital processing module with one licence for UHD up/down conversion	6.850,00	contact factory

HD PRO Serie
